

GM Mini Bus

Meet the newest member in Girardin's outstanding line of quality mini buses!

It's the all new GM SB1000. A fully certified 16 to 20 passenger capacity single rear wheel mini bus – the only one on the market today.

The GM SB1000. With a body by Girardin, the industry leader...and the heart and soul of a GM. It's the perfect match!

Spacious wide body construction...state-of-the-art corrosion protection...preprimed galvanealed steel frame construction...stylish aerodynamic design.

Available in gas or diesel, the GM SB1000 is truly in a class by itself.
